FROM LEADERSHIP

June report (draft). The standing priorities don't change — they're obligations of each AM/AE/DBD on our team.

Standing obligations

- We MUST originate discovery calls. Each of us. Without discovery, we don't learn, customers don't learn, and we can't present solutions.
- We MUST close deals. With the best people to do so.

Our focus right now

- More discovery calls. Each of you should have 3 legit disco calls on your worst month.
- Drive people to our upcoming 4 events — strategically situated in different locales and time frames to account for diverse audiences.
- Share your wins and failures so we can learn.
